Diagnostic and Procedure Charges

As a specialist, it is common for your provider to perform additional therapeutic or diagnostic procedures in the office that are not included in the office visit charge.

When you receive your explanation of benefits from your insurance company, you will see these items listed and billed separately as a part of the services you received. Some insurance companies classify these as “procedure/surgery” because they are invasive.

Procedure Description and Cost:
$647.00 Nasal Endoscopy – Allows for visualization of nasal passages
$887.00 Nasal Endoscopy w/debridement, biopsy
$425.00 Laryngoscopy – Evaluates throat concerns
$ 97.00 Binocular Microscopy – Microscope used for some ear exams
$159.00 Cerumen Extraction – Ear Wax Removal
$552.00 Nasal Cautery – Controls bleeding (Anterior)
$888.00 Nasal Cautery with scope – Controls bleeding (Posterior)
$120.00 Comprehensive Audio Testing – Diagnostic tool used to test hearing
$ 54.00 Tympanometry - Diagnostic tool used to test pressure in the ear
$431.00 CT Sinus

If you are insured, these charges will be billed to your insurance. Depending on your insurance type/plan, you may be responsible for any deductible and/or co-insurance at the time of service.
